

Pouched Food Dispensers

Stainless Steel Remote Dispensing Systems

- Racking design accepts 1 1/2- and 3-gallon pouches, keeping condiments on tap and out of sight
- Manually operated system simplifies high-volume dispensing; eliminates the hassles of a CO₂-driven dispenser
- 1-oz stroke; adjustable in 1/8-oz increments
- Specify color and text for pump knob when ordering; black is standard (see p 13 for details)
- NSF listed, clean-in-place certified or disassemble for cleaning at a dish station; no tools necessary

Quick Connect System makes reserve pouch transitions easy and mess-free.

Flush-mounted, stainless steel pump connects either pouch style, forming a sealed and sanitary system.

1 1/2-gallon pouch with 16-mm fitment

3-gallon pouch with 38-mm connector

dispenses	model/item	application	description	full portion	dimensions (HxWxD)	weight
a 	CP-RP 85783		dispense from (1) 1 1/2- or 3-gallon pouch below counter; single support	1 oz	9 9/16" x 4 1/2" x 11 1/4" (above counter)	12 lb
b 	CP-RP 85784		dispense from (1) pouch & store (1) for quick change-outs; twin support with rack			18 lb
