

SILICONE BAKING MATS

- Woven glass fibers are sealed inside and transfer heat evenly, so baked goods like doughs, pastries, and breads, cook to a perfect golden brown, every time
- Made from FDA-approved silicone
- Temperature safe from freezer to oven (-40°F to 480°F)

FULL SIZE MAT

- The perfect non-stick work surface for rolling out all types of dough and baking in commercial-sized ovens
- Perfect for rolling pie crusts, pastries, pizza dough, biscuits, bread, cookies, and fondant
