Pro Series 35 Impact Traffic Door

Classic Appeal with Rugged Durability

The SPD-35 Impact Traffic Door from Curtron is designed for use in Retail Stores, Restaurants, Banquet Halls, Cafeterias, Hospitals, Hotels and many other applications where a combination of aesthetic appeal and rugged durability is desired.

The unique design of the SPD-35 provides the flexibility to choose from a wide variety of high pressure laminates so matching your existing décor is never an issue.

In addition, the SPD-35 is available with or without perimeter edge gaskets and offers a variety of window options.

These very attractive traffic doors provide both classic good looks and lasting durability.

And – they operate on the time proven Easy Swing Hinge® System pioneered more than 50 years ago - still the smoothest operating and most reliable D/A door hinge system available.

All Curtron doors are proudly made in the USA.

Custom Built To Meet Your Specifications

- ✓ Decorative Laminates
- ✓ Many window sizes and shapes, including flush style
- ✓ Window Screen Printing

Easy Swing Hinge® System

Pro Series 35 Impact Traffic Door

Features, Benefits and Options

Features:

- ✓ The SPD-35 door panel is 1-½" thick and features a full perimeter rigid PVC frame, non-CFC foam core and 1/8" plywood face sheets clad with .032" high pressure laminate (HPL) on both sides.
- ✓ Wide variety of high pressure laminate colors and pattern choices.
- ✓ Full Perimeter Edge Gaskets are standard but the door panel can also be supplied with a "bull nose" extrusion if gaskets are not required.
- ✓ Standard 9"x14" double pane clear acrylic vision panels are set in black rubber molding. Additional window sizes and design options are available.
- ✓ Standard 8" high ABS Kickplate
- ✓ Easy Swing Hinge® System

Benefits:

- ✓ This full thickness door panel is both attractive and durable and offers excellent sound abatement qualities.
- ✓ Allows the door to match / complement the existing surroundings.
- ✓ Allows the door to be customized to meet the requirements of each particular application. Note: The SPD-35 is not for use in walk-in coolers.
- ✓ Various window sizes and configurations are available to meet your specific needs, including ADA compliant options.
- ✓ Kickplate protects the bottom of the door panel.
- ✓ The Easy Swing Hinge® system was pioneered more than 50 years ago and offers smooth, quiet and reliable operation.

Single Panel Opening Sizes Up To 48"x96" and Double Panel Opening Sizes Up To 96"x96"
Additional Options Include: Stainless Steel Impact Plates, Spring Bumpers, Lower Hinge Guards

The SPD-35 is fully customizable, so feel free to make it your own!
