

Making the world a better place, one drop at a time.

Access to pure, clean water is a privilege we don't take for granted. That's why we designed the ConserveWell® Utensil Holder to reduce water waste — the responsible replacement for continuous-flow dipper wells.

2 YEAR WARRANTY

All Server products are backed by a two-year warranty.

- Utensils are safely held above 135°F to protect against bacteria growth
- Programmable countdown timer helps ensure timely water changeouts (also available without timer)
- Drop-in models fit existing counter cutouts of most continuous-flow dipper wells
- Not recommended for utensils with gel-filled handles; see our application guide for suggestions

Drop-In Holders

model/item	description	vessel	dimensions (HxWxD)	plug	voltage	watts	weight
