## Excalibur® Premium Non-Stick

Excalibur is a premium non-stick reinforced with stainless steel. Through a unique application system, Excalibur actually becomes an integral part of the cookware surface combining the strength of stainless steel with the quick release of a non-stick.

- Professional heavy-gauge carbon steel for quick response and uniform heating
- Durable Excalibur Premium Non-Stick for low-fat cooking and easy care
- 14" woks have stay-cool handle plus helper handle
- Handle is quadruple-riveted for safety and durability and has a hook for hanging storage
- Flat bottom sits securely on any stovetop—gas, electric or induction
- No elaborate seasoning necessary, ever
