

DINEXPRESS COLD FOOD COUNTERS

Cold Food Counters

- Available with 2 to 6 wells
- Cold food counters are the most versatile and adaptable accessory on the serving line
- Counters are mobile with heavy-duty 5" casters (two locking) and with stainless steel base-skirting available
- Stainless or custom drop down shelves and tray slides available for all configurations

All counter options must be ordered at the same time as the counter. See [pages 109-114](#) for a complete list of optional accessories such as tray slides, end-shelf, skirting, etc.

Shown with optional tray slide, sneeze guard, laminate panels and engineered stone top and skirting.

Frost Top Counters

- Decrease wait time and increase guest satisfaction by offering grab and go entrées from our Frost Top Counters
- Ideal for salads, desserts or cold beverage cartons
- Versatile and efficient part of the serving line
- Has a 1" recessed well and a 1" drain with a shut-off valve
- Available with 2 to 6 wells with optional food protectors, cold storage and skirting.
- NSF listed
