Specifications

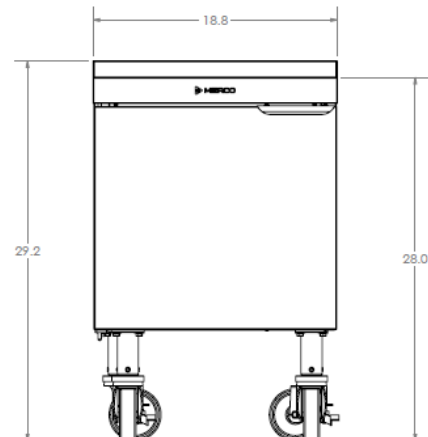

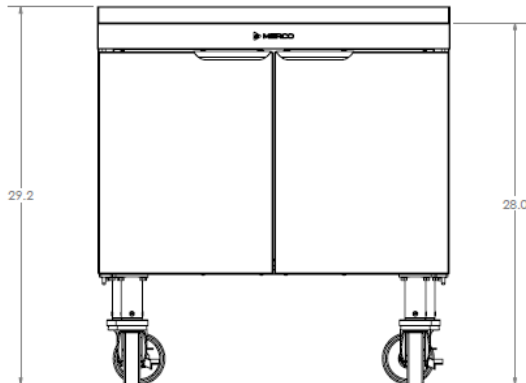

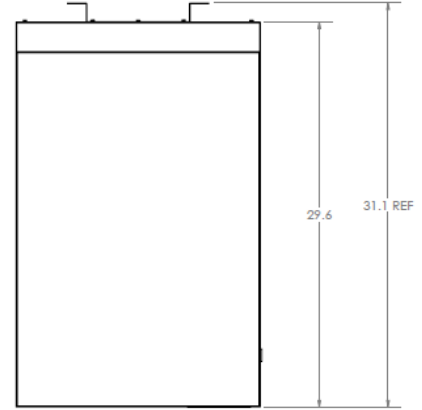

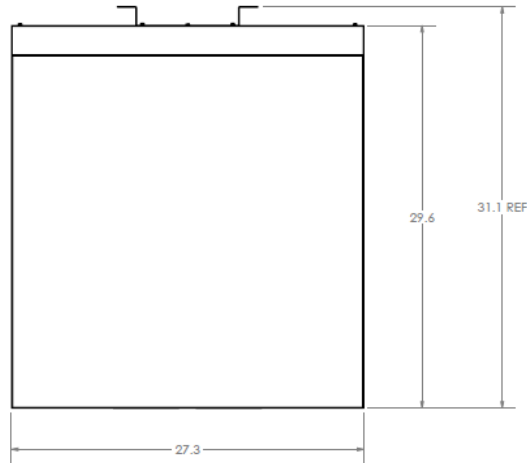

General: The Merco Matching Cart is designed to support a Merco CrispyMax™ Crisp & Ready Serving Station at the optimum height next to your fryer. It also provides enclosed storage beneath, with one or two magnetically closed doors. Available in two sizes, the Merco CrispyMax Cart is sure to help meet any capacity requirements from early morning breakfast to midnight buffets.

Construction: The Merco Matching Cart features stainless steel construction for exceptional durability, aesthetics and cleanability. There is a raised edge around three sides to retain your Merco CrispyMax. Top and Back are 20 gauge stainless steel. Sides and Removable Shelves are 18 gauge stainless steel. Base/Bottom is 16 gauge and 18 gauge stainless steel. Adjustable casters are factory preset at 28" cart top height and can adjust up to 29 1/2" cart top height. Maximum weight for top of cart: CMC18 - 80lb (36 kg); CMC27 - 100 lb (45 kg)

Custom Options (minimum order quantity required): Because no two kitchens or foods are exactly alike, we can accommodate with a custom solution to meet your needs. Contact your Merco customer service representative for details.
