

COMPARTMENT SINKS

- Available with one to three sink bowls, with or without drainboards
- Four compartment sinks and modified bowl sizes are available upon request. Please contact factory
- Choose from two series of compartment sinks:
 - Standard "N" Series: 16 Gauge 300 Series Stainless Steel, 12" bowl depth and galvanized legs
 - Spec "SL" Line: 14 Gauge 300 Series Stainless Steel, 14" bowl depth and stainless steel legs and crossrails

Each Universal sink features the following:

- Fully fabricated bowl with full metal thickness throughout provides greater durability and strength than a drawn sink
- 9" high integrally formed backsplash, with 2" return to wall at 45 degrees
- 2½" high, 180 degree sanitary rolled rim at all free edges
- Leg assemblies located directly under sink bowls for greater load support
- Legs are 1½" diameter tubing with adjustable bullet feet
- All corners, both horizontal and vertical, are coved at ⅝" radius, welded and polished to form a one-piece sanitary unit
- All sinks are furnished with basket drains and 1⅝" faucet holes punched in backsplash on 8" centers as required
- Sinks with drainboards over 24" have additional legs under each drainboard for added strength
- All are NSF listed and CSA certified
