

STORPLUS™ ECONOMICAL SPACE SAVERS

These containers feature molded-in volume graduations to indicate capacity and offer an economical alternative for food storage. Their angular, space-saving design and flat-top lids allow them to stack closely, optimizing storage in freezers, coolers, or shelves. Made from durable polyethylene, these pans can withstand a wide range of temperatures for maximum versatility.

- Practical and economical to provide a clean, safe alternative to storing food in shipping cartons
- Locking seal lids keep contents securely inside and environmental contaminants out
- Capacity indicators allow a quick measuring of contents in designated increments
- Dishwasher safe; NSF listed
