

ECO-SERV™ CARAFE

Designed in 1998, our Eco-Serv™ Carafe became a classic coffee service companion in diners and healthcare settings everywhere. Constructed in the USA from BPA-free plastic with foam insulation for a temperature retention of 2–3 hours and available in 2 sizes and 4 classic colors for a server that's versatile enough for nearly any application. Ideal for any beverage service in restaurants, hospitals, board rooms and more. Features a push button top and snap-on decaf indicator.
