Undercounter Freezer - Narrow

Side Mount Undercounters
 J Series

Model : JUF-48S-N

FEATURES & BENEFITS

- Digital temperature control & monitor system**
 Keeps food products safe by maintaining constant temperatures. External digital display allows for easy monitoring.
- Hydrocarbon refrigerants (R-290)**
 With innovative and eco-friendly technology, Turbo Air brings you hydrocarbon refrigerators designed to meet DOE's Energy Conservation Standards in 2017 and to use EPA's SNAP Program approved HC refrigerants. Hydrocarbon refrigerants do not deplete the ozone layer and have very low contribution to global warming (ODP-0, GWP-3).
- Side mount compressor unit**
 With compressors positioned on the side of the unit, our refrigerators can now be serviced without being moved. Our front air intake feature also allows this model to be highly efficient in narrow spaces.
- Exterior & interior of the cabinet**
 The Turbo Air J series boasts a stainless steel exterior (galvanized steel back and bottom). Interior is stainless steel floor with AL sides, back and AL door liners. It guarantees the utmost in cleanliness and long product life. The J series adds a touch of style to the most refined setting.
- LED interior lighting & fan control**
 Energy efficient LED lighting lights every corner, making items easy to find. Fan control function automatically shuts off the fan when the door is open, which prevents hot air from being drawn in, thus maintaining the cool inner temperature.
- High-density polyurethane insulation**
 The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.
- Ergonomically designed doors**
 Customers' fatigue fades away with easy grip handles and doors that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience.
- Magnetic door gaskets**
 Magnetic door gaskets are of one-piece construction, removable without tools for ease of cleaning and replacement.
- Adjustable, heavy duty, PE (polyethylene) coated wire shelves**
- Easy open front grille with condenser cleaning brush kit**
 Front grille cover is easily removable without any tools, which makes condenser cleaning easy and convenient at any time. Handy condenser cleaning brush is included inside the front grille cover.
- Freezer holds -10°F ~ 0°F for the best in frozen food preservation**
