Adjustable Stainless Steel Tables

Winholt's Adjustable Stainless Steel Tables feature a durable stainless steel top and a removable poly top for enhanced usability and efficient cleaning. The hydraulic lift mechanism allows for quick and effortless height adjustments to meet individual preferences; perfect for both kitchens and work environments.

Features

- All welded 16 gauge stainless steel top
- (2) Removable 3/4" poly top boards
- 18 Gauge stainless steel under shelving
- (1) Hydraulic lift system with foldable crank handle
- (4) Cylinders adjust up to 9"
- Adjusts from 32" to 41" height
- NSF listed

Benefits

- Removable poly top boards are made for daily cleaning and yearly replacement, perfect for busy kitchens with large work loads
- Height is easily adjusted with hydraulic lift lever, creating an ergonomic space for workers to comfortably fulfill tasks.
- Stainless steel design will not rust, allowing for years of use with no change in efficiency.
