Features & Benefits

- 1000mL capacity, refillable dispenser helps reduce maintenance
- Sturdy and portable floor stand allows you to use the dispenser anywhere
- Stylish station design seamlessly blends into any indoor or outdoor environment
- Aluminum, midnight blue floor stand includes a weighted base for extra stability and a convenient drip-tray to catch any extra sanitizer and help keep floors clean
- Automatic, touch-free activation releases 1.5mL of hand sanitizer gel per dose, to minimize cross-contamination and prevent the spread of bacteria
- Hardware and instructions included for mounting a custom billboard sign to the dispenser station to professionally communicate branded messages to guests
- ADA compliant in force and one-handed operation, offering accessibility to people with disabilities
- Minimal assembly required. Uses 4 C-cell alkaline batteries (not included).
- Ideal for restaurants, catering events, gyms, assisted living facilities, retail and grocery stores
