Flav-R 2-Go® Locker System - Built-In

Models: F2GB-22-A, -23-A, -3-A, -32-A, -33-A, 42-A,
-43-A, -52-A
F2GB-22-C, -23-C, -3-C, -32-C, -33-C, 42-C,
-43-C, -52-C

The Hatco Flav-R 2-Go® Locker System - Built-In, designed specifically for your pick-up and third-party delivery needs, is capable of holding multiple orders of hot or ambient food with quick and secure access. By reducing congestion and allowing employees to focus on other functions, customers or delivery people can arrive, access their specific locker, and leave without waiting in line or disturbing the flow of other business.

Standard features

- Each locker unit has a large 10" (254 mm) touchscreen on the operator side and on the customer side. The operator puts in the name and code. The customer receives the code, enters it on the customer side, and the appropriate door unlocks and LED lights flash
- F2GB-3, -32, -33, and -52 have customer facing controls on the left side of the unit. Operator controls will be on the right-hand side. Reverse control locations are available as an option.
- F2GB-22, -23, -42, and -43 have customer facing controls in the center of the unit. Operator controls will be the same
- Available in two locker depth sizes; A models are 12" (305 mm) deep, while C models are 20.5" (521 mm) deep
- Each locker has a timer that will hold prepared and packaged food for up to 45 minutes
- Lockers come preset to 150°F (66°C) with a high temperature range up to 180°F (82°C) and individual lockers can have the heat turned off for ambient storage
- Internal lockers come standard in Gloss Smooth White with LED indicator lights that can be programmed to four different colors: blue (standard), red, green or magenta (all lockers will be one color)
- Comes ready to mount with wall bracket (mounting hardware not included)
- Can be set up with four different claiming modes:
 - Name and Code: The system displays a list of names, customer selects their name and enters a code (up to 6 digits) to claim
 - Simple: The system displays a list of names. Customer selects their name and enters 1 to confirm
 - Name Only: The system prompts the customer to enter a name
 - Code Only: The system prompts the customer for pickup code (up to 6 digits)

Options (available at time of purchase only)

Designer Colors

- Non-standard colors are non-returnable – Warm Red standard –
- Black Gray Granite White Granite
- Navy Blue Hunter Green Antique Copper

Right Side Control Panel – on customer side (in lieu of left side control panel) – operator control panel would switch to left side (in lieu of right side control panel) –

- F2GB-3 F2GB-32 F2GB-33 F2GB-52
- Cord Location, operator side, bottom right corner – in lieu of standard, operator side, bottom left corner –
- QR Code Reader

NOTE: This unit is intended for stationary indoor, commercial use only—NOT for mobile applications.

NOTE: All Flav-R 2-Go Locker System models are custom by nature and are non-returnable.

IFS anti-microbial coatings use naturally-occurring, environmentally sustainable, silver ions to help inhibit the growth of microbes on the powder coated surface. See www.hatcocorp.com/antimicrobial-paint for more information.

For operation, location and safety information, please refer to the Installation and Operating Manual.
