

# Specialty Warmers

## Dipping Warmers

- Ideal for dipping ice cream, waffle bowls and cones
- Dip coat topping is gently heated with a low-temperature heating element; no water-bath
- Temperature settings, marked as low or high, range from ambient to 150°F
- Stainless steel warmers with up to three wells hold the standard #10 can of cone dip coat or 3 quart jar (94009); included with 230V models
- Clean-up is easy; top and bottom are removable
