

EAGLEWARE® PROFESSIONAL
ALUMINUM PIZZA TRAYS

Five varieties with the Eagleware trademark of quality, durability, and versatility. The thickness keeps them sturdy for extensive use and good looks, making them perfect for dining presentation. The “A” and “HA” series are standard sloped rim trays, “FHA” is our flat rim tray, and “HSA” and the “SA” series are continental “coupe” rim trays. They are made of .032” (.8 mm) and .040” (1 mm) (heavy-duty) thick aluminum alloy. The edges are rolled to eliminate the problem of hard-to-clean openings.
