

# MOD

by *Luzerne*

MOD enters the stage as one of Oneida Hospitality's first collections in Luzerne's new stoneware category. Available in the muted colors of smoky basil, smoky plum, and dusted white, the collection is inspired by a minimalist mood board where home gardening and organic food are part of everyday life. MOD is made with the generous weight of stone. Every piece fits comfortably in cupped hands while the applied glaze gives them a soft natural sheen.
