

EXOPAN® BREAD PANS AND BAKING MOLDS

Premium-quality non-stick baking molds full of thoughtful design details for perfect edges, precise heat distribution, and unparalleled durability.

Hand Wash | Non-stick

- STEEL FRAME**
4 Layer commercial grade PTFE non-stick coating over a pure steel body. Easy turn out and consistent shape for years of use.
- COPPER DIFFUSION COIL**
Copper wire rim aids in quick and precise heat diffusion for even baking (bread molds pans only).
- ENAMELED EXTERIOR**
Protective enameled exterior prevents scratches and dents for prolonged use.
