

Tray & Glass Rack Dispensers

Self-Leveling - Counter Drop-In

Models 973, 976, 977, 97725

Model 976

Provide Convenient Tray & Rack Dispensing In Any Counter Top

- All-welded stainless steel construction for long service life
- Field adjustable without tools to assure proper ergonomic dispensing level
- Corner roller guides assure smooth carriage movement
- Easy-to-clean and sanitize stainless steel

Model 977

Model 973

Specifications

To be of all-welded stainless steel construction and accepts trays or racks on a stainless steel spring-loaded, self-leveling carriage. Unit hangs from counter cutout by a 14-gauge top flange welded to unit frame. Carriage features banks of tension springs on two sides. Spring tension for carriage is field-adjustable without tools by hooking or unhooking springs to/from the carriage, providing proper dispensing level. Carriage also features sets of nylon roller guides on all four corners to provide smooth leveling movement inside unit frame. Lower frame is of .120 x 1" x 1" angle stainless steel. Unit is NSF listed.
