

ISS SHELIVING

SHELVING AND POSTS

ITEM # _____ MODEL # _____ QTY: _____
 PROJECT: _____
 OPTIONS: ☐ YES _____ ☐ NO _____

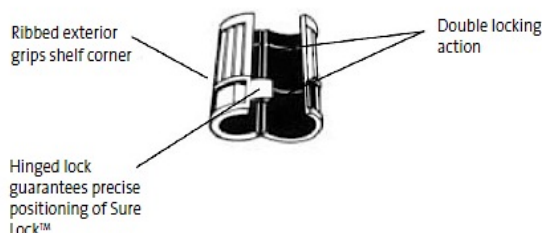

Standard Features & Benefits

- ◆ Round post system is interchangeable with other manufacturers' shelving products
- ◆ The unit can be assembled without tools and used in most environments
- ◆ Shelves are rated to support 1,250 lbs (565 kg) of uniformly distributed static weight for shelves up to 60" length
- ◆ Shelves are designed with extra trusses providing a high load rating, less deflection, and the ability to use longer shelves; all of which equate to more usable storage capacity
- ◆ Posts are numbered on 1" increments ensuring faster assembly and better shelf alignment
- ◆ One-piece hinged Sure-Lock™ coupler makes assembly easy and improves stability of the unit with a double lock on post grooves. The ribbed surface of the Sure-Lock™ maximizes gripping power
- ◆ The marine waterfall shelf edge allows easy loading and unloading, as well as added strength
- ◆ Available in wire, solid stainless, and plastic

Sure Lock™

One-Piece Hinged for Easiest Installation
 Sure Lock™ is covered under US Patent #5127342

ISS SHELVING

SHELVING AND POSTS

Specifications

Shelves

Each shelf has a minimum of 4 trusses. The shelving is constructed of C1006 Plating Quality Carbon Steel or Stainless Steel.

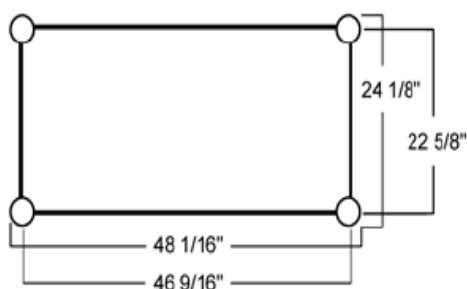

Posts

Posts consist of 1" round tubing with .065" (16 gauge) thick walls made of plating quality cold rolled steel. Grooves are spaced 1" apart with embossed numbers. Each post has a plastic top cap and leveling foot.

Finishes

GOLD BOND® and **GREY BOND®** proprietary epoxy-based finish formulated to provide superior corrosion and abrasion resistance. Ideal for use in dry storage, coolers, and freezers.

STAINLESS STEEL – shelves and posts constructed of 300 Series Stainless Steel.
PLATING PLUS™ – Carbon Steel plated with Bright Zinc and then lacquer-coated.
