

Manual Hand Sanitizer Dispenser – 1000mL

Reduce plastic waste with our refillable, Manual Hand Sanitizer Dispenser offering essential features with a simplistic, versatile design

Features & Benefits

- 1000mL high-capacity refillable reservoir for reduced maintenance
- Standard manual dispenser made from durable white ABS plastic
- Clear-view reservoir design provides optimal visibility to easily monitor gel fill level
- Tested and approved for use with Sterno Gel Hand Sanitizer for an eco-friendly hand hygiene solution
- Wall mount design is simple to install and includes built-in keyhole slots and screws
- Large push button releases 1.5mL per pump
- Provides approximately 665 dispenses per fill and is ideal for restaurants, schools, office buildings, healthcare or assisted living facilities
- Compact size fits well in small spaces, restrooms, and kitchens
