

# Closed-Side Racks

Our Toughest Rack  
No-Tip Channels  
Highest Capacity

**P**iper Closed-Side Racks give you all the features of our popular Channel Racks with the advantage of closed sides for strength and added rigidity. The welded ledges prevent trays from tipping, and are spaced only 1-1/2 inches apart. The racks offer the ultimate in capacity and versatility. With solid side panel construction the ledges stay level and rigid even after being abused, unlike competitors' corrugated side panels that may become misaligned making the trays bind.

The quality of materials and engineering of Piper Products has made us an industry choice for more than 40 years. Designed for efficiency and built for the heaviest demands you can make, Piper equipment will last for years of dependable service.

Model 841-S

## PIPER'S SUPERIOR FOUNDATION

Two 12 gauge aluminized steel reinforcing channels support our .125" thick aluminum bottom panel. The edges are formed and rolled to create a built-in bumper and Hi-tech Colson® Performa® casters make this the strongest foundation in the industry.

# Closed-Side Racks

## TIE BARS AND CONTINUOUS WELD

- ◆ 1/2" extruded rod keeps rack square
- ◆ Adds rigidity and stability to rack
- ◆ Two tie bars per unit
- ◆ Weld along entire edge of glides
- ◆ No gaps to promote bacterial growth

## SOLID BOTTOM

- ◆ Rolled edge acts as bumper
- ◆ 12 gauge reinforcing caster channel eliminates twisting
- ◆ Fully welded corners
- ◆ Greatly enhances rack strength
- ◆ .125" thick aluminum base

## CLOSED SIDE RACK OPTIONS

- ◆ Personalized embossed name plate
- ◆ Wheel brakes (2 per unit)
- ◆ Non-marking rubber bumpers (corner or full-perimeter)
- ◆ Pan Stops
- ◆ Pan Flaps - Hinged flaps used to hold pans in place during transport
- ◆ Several caster sizes available
- ◆ Double pan top for added durability
- ◆ Rack Cover made of 12 mil. double polished clear PVC
- ◆ Freezer Rack Cover made of 10 oz. Herculite vinyl
- ◆ See Accessories section for a complete list of available options and details

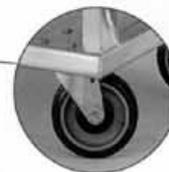

## SUPERIOR CORNER SUPPORTS

- ◆ .190" thick gussets provide superior strength
- ◆ Extruded 3-sided channel support
- ◆ All sides fully welded

## HEAVY-DUTY CASTERS

- ◆ Colson® rigs with 5" x 1-1/4" sealed wheels
- ◆ Delrin ball bearing, each with 350 lb. capacity
- ◆ Maximum resistance to chemicals, acids, bases, alcohol, water and steam
- ◆ Maximum low temperature flexibility for superior performance even in freezing temperatures

## CLOSED-SIDE RACK SPECIFICATIONS

Model#	Description	Height Inches	Width Inches	Depth Inches	Channel Spacing (in.)	Pan Capacity	Ship Wt. (lbs)
822	End load	40.75	21	27.375	1.5	22	70
841	End load	69.25	21	27.375	1.5	41	88
822-S	Side load	40.75	27.375	21	1.5	22	70
841-S	Side load	69.25	27.375	21	1.5	41	88
R836	Roll in End Load	64.50	21	27.375	1.5	36	79

### Custom sizes available. Please call for details.

Height includes casters.

Approximate box dimensions: 33.5" x 22" x 70"

Typical freight class: 150

Applications: Bakery, Freezer, and Meats

### LIMITED WARRANTY

Piper Products warrants to the original purchaser parts and labor for a period of twelve (12) months from the date of purchase. See manufacturer's complete warranty for details.

It is our policy to build equipment which is design certified by ETL or UL and NSF. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times. Specifications subject to change, information not for design purposes.
