LOW-PROFILE HEAT STRIPS

DESCRIPTION

Vollrath® Low Profile Heat Strips are intended to be used as a heat source to help maintain prepared, preheated food at safe serving temperatures.

AGENCY LISTINGS

WARRANTY

All models shown come with a Vollrath® standard warranty against defects in materials and workmanship, one year parts and labor warranty, and an additional one-year warranty on the heating element (parts only). For full warranty details, please refer to vollrathfoodservice.com.

FEATURES & BENEFITS

- Low profile contributes to a clean aesthetic.
- Visibility is improved due to the slim design.
- Aluminum heater housing provides lightweight durability.
- Bright-annealed stainless steel heat reflector enhances heat dispersion and increases the heating zone.
- Sheathed element is dependable and lasts longer.
- Unique element enhances even and effective warming.
- Stainless steel brackets with adjustable screws contribute proper spacing and simple replacement.
- Infinite or toggle remote controls allow placement flexibility.
- A variety of finishes promote design options.

Due to continued product improvement, please consult vollrathfoodservice.com for current product specifications.

Item FC-4SH-			
Select One Suffix from Each Column*			
Size	Volts	Finish**	Remote Control
18"	120	NA=Natural Aluminum	IN=Infinite SW=Toggle Switch
24"		CH=Chrome
