Dinex Tray Dispensers

Tray dispensers also feature Spring-Pak, the industry's only self-leveling mechanism that lasts longer than the competition and is easier to adjust.

- Tray dispensers are offered in a variety of styles—with several units available in a single or double configuration
- All feature the Dinex Spring-Pak self-leveling mechanism and are equipped with locking swivel casters
- Self leveling dispensers increase productivity during meal production
- Tray dispensers can be adjusted to accommodate different tray types
- Some units are NSF listed, see product chart for details

Cantilever Single Stack Tray Dispensers

- Cantilever style models offer a removable safety bar that can be stored on back of the dispenser when not in use
- Dispensers have four 5" heavy-duty non-marking swivel casters (2 with brakes)
- Compact size saves space in the kitchen

DXPIDT1C1520

Safety bar can easily be removed and is designed to hang on back of dispenser when not in use.
