FOOD SAFETY INNOVATION

Non-slip **HOTT HOLDER** provides maximum safety and protection from high temperatures when handling hot objects such as pots, sheet pans...

It complies with all the standards on food contact materials and objects.
It does not act as a medium for the development of bacteria, in accordance with current regulations on the prohibition of the use of fabric cloths in professional kitchens.

Resistant to extreme temperatures.
Textured interior to improve grip and protect from high temperatures.

- Made of silicone.
- Resistant to very high temperatures: withstands up to 446°F.
- Ergonomic design to protect finger tips, unlike existing products on the market.
- Central hole so that the oven mitt can be hung on the chef's uniform or in the kitchen.
- Non-deforming, it recovers its original state.
- Easy to clean, dishwasher safe.
