

The image shows two stainless steel beverage dispensers on a light-colored wooden surface. The dispenser on the left is a 3-gallon model, and the one on the right is a 5-gallon model. Both have clear plastic bodies with fruit infusers inside. The 3-gallon infuser contains strawberries, yellow bell peppers, and green onions. The 5-gallon infuser contains lemons and limes. Both dispensers have a brushed stainless steel base and a silver-colored spigot. A semi-transparent brown box with white text is overlaid on the right side of the image.
