

## US HALF-SIZE AIRWAVE BAKING PAN

- Unique raised "wave" texture circulates hot air evenly and bakes food to a crispy golden brown
- Reinforced beaded rim prevents warping
- Temperature safe up to 480°F
- Made from heavyweight aluminum

Donut Pan  
Silicone, 10 1/4" x 7" x 1"

## DOUGH DOCKER

- Docking prevents air bubbles from forming and allows dough to rise evenly and consistently
- Simply press spikes into the dough and roll across the surface once on both sides before baking
- BPA free
- Dishwasher safe
