

# NON-CAUSTIC OVEN & GRILL CLEANER

POWDER

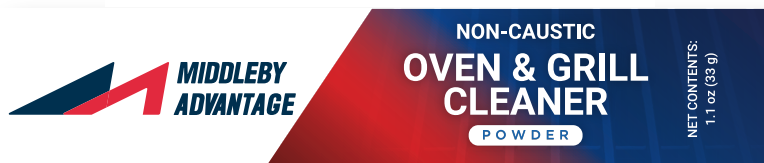

## FEATURES & BENEFITS:

- EASY TO USE – 4 EASY STEPS
- REVOLUTIONARY NON-CAUSTIC POWDER FORMULA
- SAFER TO USE THAN CAUSTIC DEGREASERS
- WORKS INCREDIBLY WELL TO REMOVE SOILS AND BAKED ON CARBON
- PERFORMS BETTER THAN LIQUID ALTERNATIVES
- VERSATILE USES FOR MULTIPLE SURFACES
- WILL HELP ENVIRONMENTAL SOCIAL GOVERNANCE (ESG) RATINGS\*
  - SUSTAINABLE
  - SAVES HUNDREDS OR THOUSANDS OF BOTTLES FROM GOING INTO LANDFILLS
- SUBSTANTIAL FREIGHT SAVINGS
- SMALLER PACKAGING FOOTPRINT FOR TIGHT SPACES
- INDUSTRY CHANGING CLEANER

For best results, use with included spray bottle and foaming trigger from starter kit. Safe for use on aluminum. Safer to use than traditional caustic degreasers and has minimal odor. Do not spray directly into catalyst or electrical components.

**DIRECTIONS:** Fill spray bottle with warm water then carefully pour in one (1) packet of powder. Replace foaming trigger and shake contents vigorously for a few seconds. Performs best on a warm surface up to 200°F (93° C). Spray undiluted on grease and light carbon buildup. Let soak for up to 10 minutes. Scrub heavy soils with a non-abrasive brush or sponge. Wipe off and rinse with water. Repeat if necessary.
