41854	*	Pre-Seasoned	16 gauge, curled rim, no wire	0.4	6½6 x 9½6 x 1⅓32						

BĀKALON Pans

Chicago Metallic BĀKALON Pans are hard anodized aluminum pans that provide optimal strength, durability, and thermal conductivity. This ultra-hard, aluminum oxide surface provides a nearly permanent protective dark gray cooking surface that will not chip, peel, rust, or interact with food. In fact, these pans are so durable that some bakers have experienced over 50,000 bakes!

BĀKALON pans pre-seasoned with Chicago Metallic's proprietary AMERICOAT® ePlus silicone release coating offer exceptional ease and convenience, combining the release characteristics of a non-stick coating with the flexibility to use metal utensils.
