

SAFE, PRECISE, AND EVEN CUTS

MATFER MANDOLINE 2000S: Designed by Matfer and manufactured in France to meet the specifications of professional chefs.

PRECISE SLICING: The high-quality stainless steel blade is reversible for straight or waffled cuts. Removable blade attachments allow you to cut batons and julienne strips from 3mm to 10mm in width.

CLOSE CONTROL: The adjustable blade height maintains a consistent width for precise, uniform cuts.

SAFE AND SECURE: The pusher handle provides a stable grip and finger protection. The stand and foot ensure an ergonomic angle and ample space for sliced ingredients beneath the mandoline.

MADE IN FRANCE: Matfer Bourgeat upholds high standards for durability, performance, and hygiene to meet the demands of professional kitchens.
