## Heated Base Glass Built-In Shelves - High Watt

Models: HBGBH-2418, -3018, -3618, -4818, -6018, -7218  
(HBGBH is an international model only)

Hatco Heated Base Glass Built-In Shelves - High Watt have a heated ceramic glass top that creates uniform heat across the entire surface, and are made of approved foodsafe material. Ideal for use on pass-through areas, buffet lines, and as hors d'oeuvre displays.

### Standard features

- Made of approved foodsafe material allowing placement of food product directly on the glass surface
- Thermostatically-controlled ceramic glass surface heated base
- Lighted On/Off rocker switch
- All units are equipped with an attractive trim mounting ring available in stainless steel (standard) or *Designer Black*
- Recommended for use in metallic counters – for other surfaces, verify that the material is suitable for temperatures up to 257°F (125°C)♦
- Units include control box with 3' (915 mm) conduit and 6' (1829 mm) cord and plug

♦Hatco is not responsible for counter damage caused by heat from the warmer.

### Options (available at time of purchase only)

*Designer Color* for Flush Mount Control Bezel Box – Stainless Steel

Standard – Non-standard colors are non-returnable ■

☐ *Designer Black*

*Designer Color* for Trim Ring – Stainless Steel Standard – Non-standard colors are non-returnable ■

☐ *Designer Black*

☐ Unit without Trim Ring

Longer conduit in lieu of Standard 6' (1829 mm) used with Flush Mount Electronic Control Box

☐ 3' (915 mm)    ☐ 10' (3050 mm)

**Note for Heated Base Glass Shelves with overhead Strip Heaters:** For any size HBGBH, the next larger size GRA or GR2A Strip Heater will fit over the top. For example, a HBGBH-3018 will require a GRA-36 or GR2A-36. The GRA will have a tight fit to the frame of the base. The GR2A will have approximately a 4" (102 mm) space.

**NOTE:** Install Remote Box outside Heat Zone or damage will occur.

■ IFS anti-microbial coatings use naturally-occurring, environmentally sustainable, silver ions to help inhibit the growth of microbes on the powder coated surface. See [www.hatcocorp.com/antimicrobial-paint](http://www.hatcocorp.com/antimicrobial-paint) for more information.

For operation, location and safety information, please refer to the Installation and Operating Manual.

Specific models  
as marked
