Innovative end wall refrigeration design with evaporator located above compressor compartment frees up interior space for maximum storage capacity

Edge cap on laminated doors protects laminate from chipping

7 door styles to satisfy diverse needs and decor (unlaminated not shown)

Lettuce Crisper

Glastender's lettuce crisper has forced air refrigeration for uniform cooling of product, providing you with cool, crisp salads for each and every customer. The lettuce chute with lift-up stainless door allows access to shredded lettuce stored in the removable plastic lettuce bin.

Digital thermostat control with automatic defrost is easily visible

LC

The 16 gauge galvanized steel back includes an integral channel for mounting the unit on the factory supplied wall bracket. NOTE: The wall bracket mounting holes must align with at least two (2) wall studs for a safe and secure installation.

Easy to remove condenser filter can be regularly cleaned to maintain condenser coil efficiency

Chute with flip-up door for easy access to lettuce

Removable plastic bin prevents drying of lettuce. (divider for bin and extra bins available)

Radius interior corners for easy cleaning

Wall-Mount Refrigerator

Glastender's wall-mount food service refrigerator is a great way to add extra refrigerated storage in a tight space or above existing work tables. The high capacity forced air refrigeration system is NSF standard 7 listed for open food storage.

Countertop Merchandiser

Sharing many of the same useful features as our wall mount refrigerator, Glastender's countertop merchandiser is a great way to merchandise refrigerated products. The pass thru design provides swinging front and back doors for convenient loading and unloading of product from either side.

Mobile and Drop-In Ice Cream Freezers

Glastender's mobile ice cream freezer is designed to hold two 3-gallon ice cream containers at dipping temperature (-5°F to 10°F). The unit includes four 3" heavy duty rubberized casters (two locking) and has a 36" high work surface.

Durable one-piece seamless top is easy to clean

90° electrical plug and recessed back designed to accommodate an outlet behind the unit while still maintaining the 18" depth

Easy to clean all stainless steel interior and exterior with durable 16 gauge galvanized steel exterior bottom

**2.3X 70%
THICKER STRONGER**

Our ice cream freezer hinge pin is 2.3X thicker making it 70% stronger than the common industry hinge pin

Common industry hinge pin

Glastender's unique thicker hinge pin

FRM-2

Glastender's drop-in ice cream freezers are an easy way to add hand dipped ice cream to any service station. Models are available to hold either one or two 3-gallon ice cream containers.

Available with easy to clean seamless welded dipper well

Unique hemmed edge for added strength and visual appeal

Special hinge holds the lid open while dipping

Stainless steel interior with 1/4" radius corners for easy cleaning

NOTE: The standard top lifts up and the special hinges allow the lid to remain open while dipping. A special "flip lid" is available on the models that hold two 3-gallon containers. The flip lid is hinged in the middle and opens from each end. The flip lid models are specified with the suffix '-FL' in the model number.

DI-FR-DW

Special angle brackets, U-channels, and mounting bolts provided for an easy, secure installation

Six different drop-in ice cream freezer models are available to handle various applications
