

**CANNON 10K™**

**iTOOLco**

**PRODUCT NUMBER: C10K**

**FASTER**

Two pullers in one 5K / 10K with  
a 10,000 lb. pulling capacity

**SAFER**

No anchoring required.

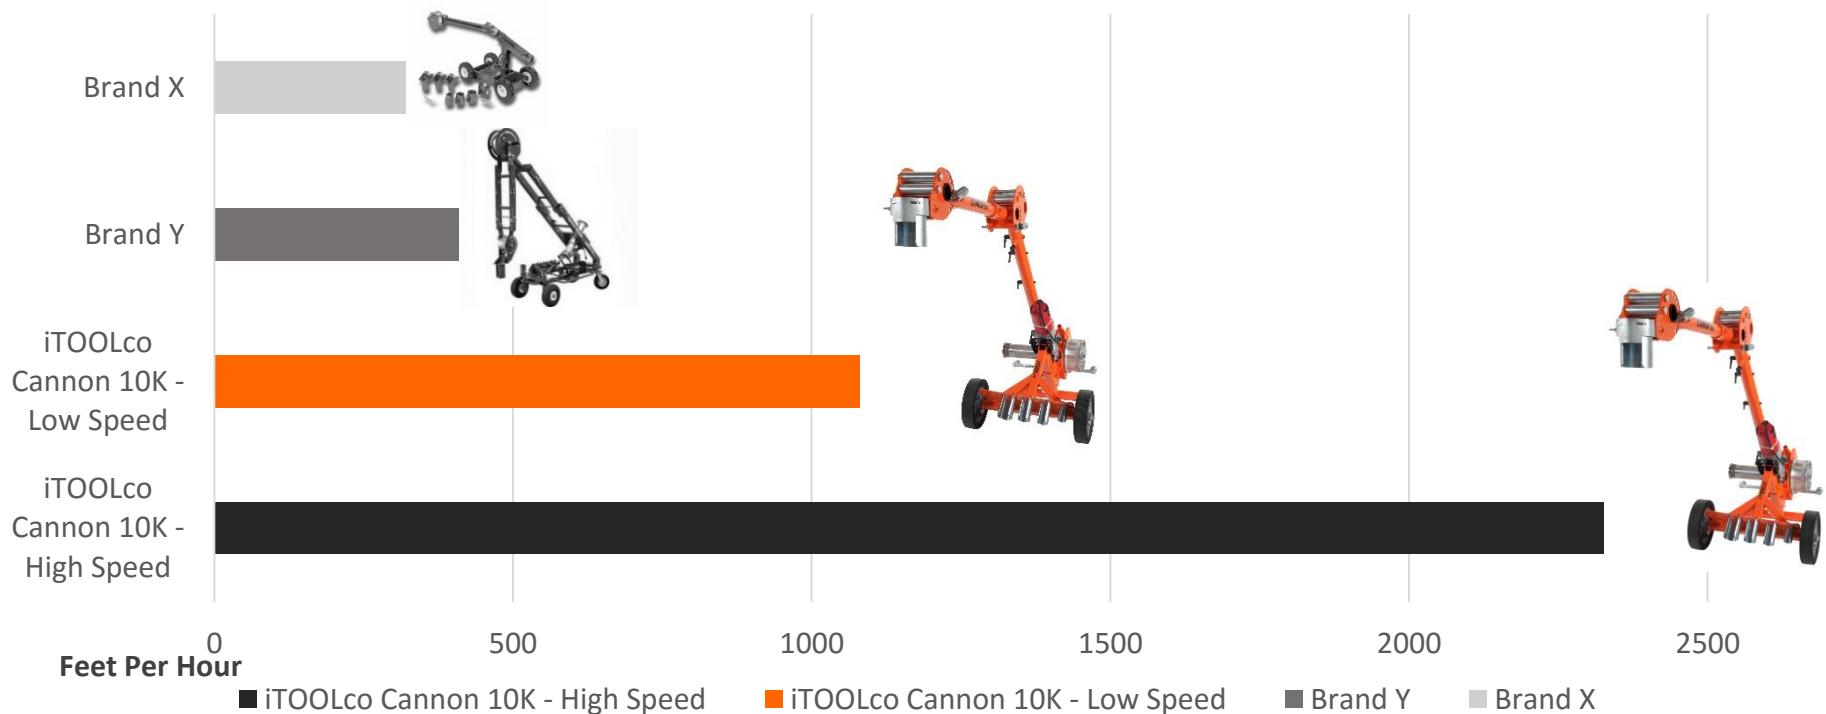

**SMARTER**

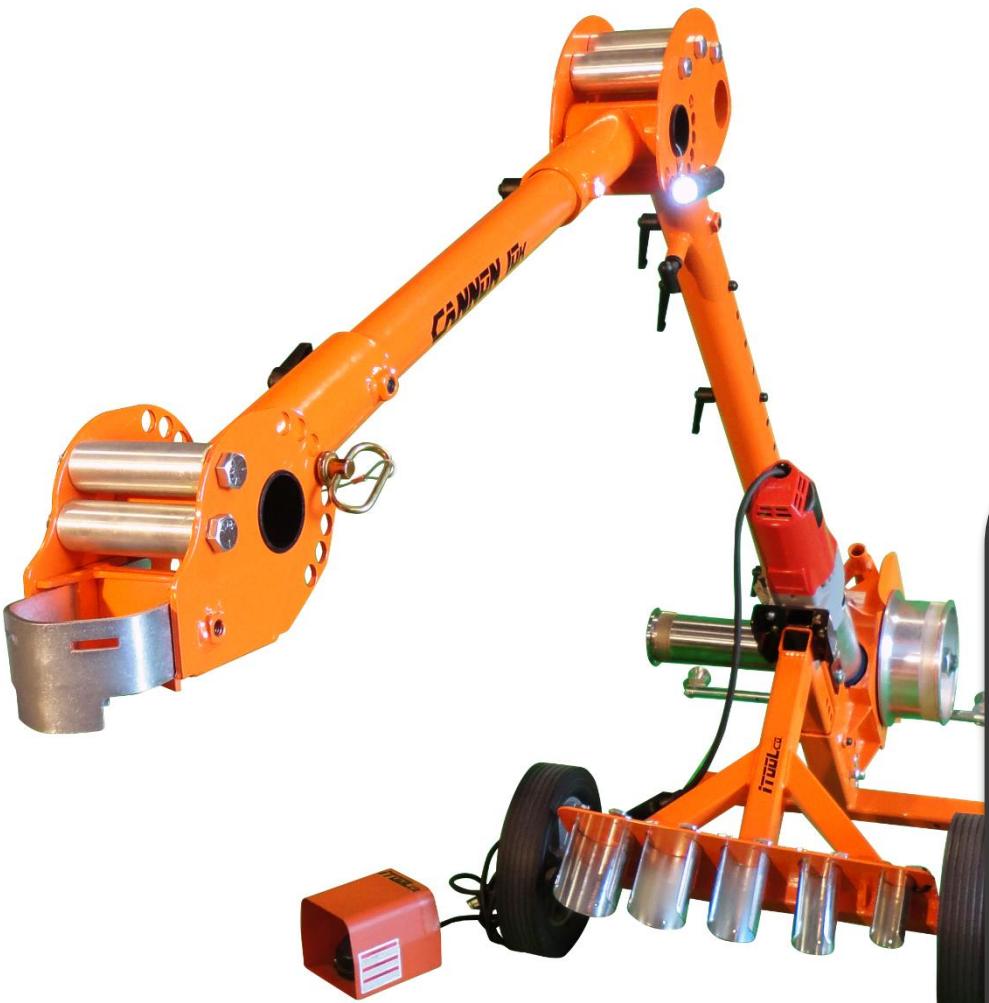

Fully collapsible for easy  
storage and mobility.

## FASTEST 10K WIRE PULLER AVAILABLE

Pulls 9' & 18' per minute on low speed  
and 20' & 40' on high speed.

## SPEEDY RECONFIGURATION

Quickly change from side pull to overhead, underground or truck hitch.

Pivoting arm for easy rope access on overhead applications.

Interchangeable components for adaptability on the job site.

Adapters change easily with no tools required.

Narrowest pulling head in the industry allows you to work in close quarters.

Dual capstans allow the operator to choose speed or torque.

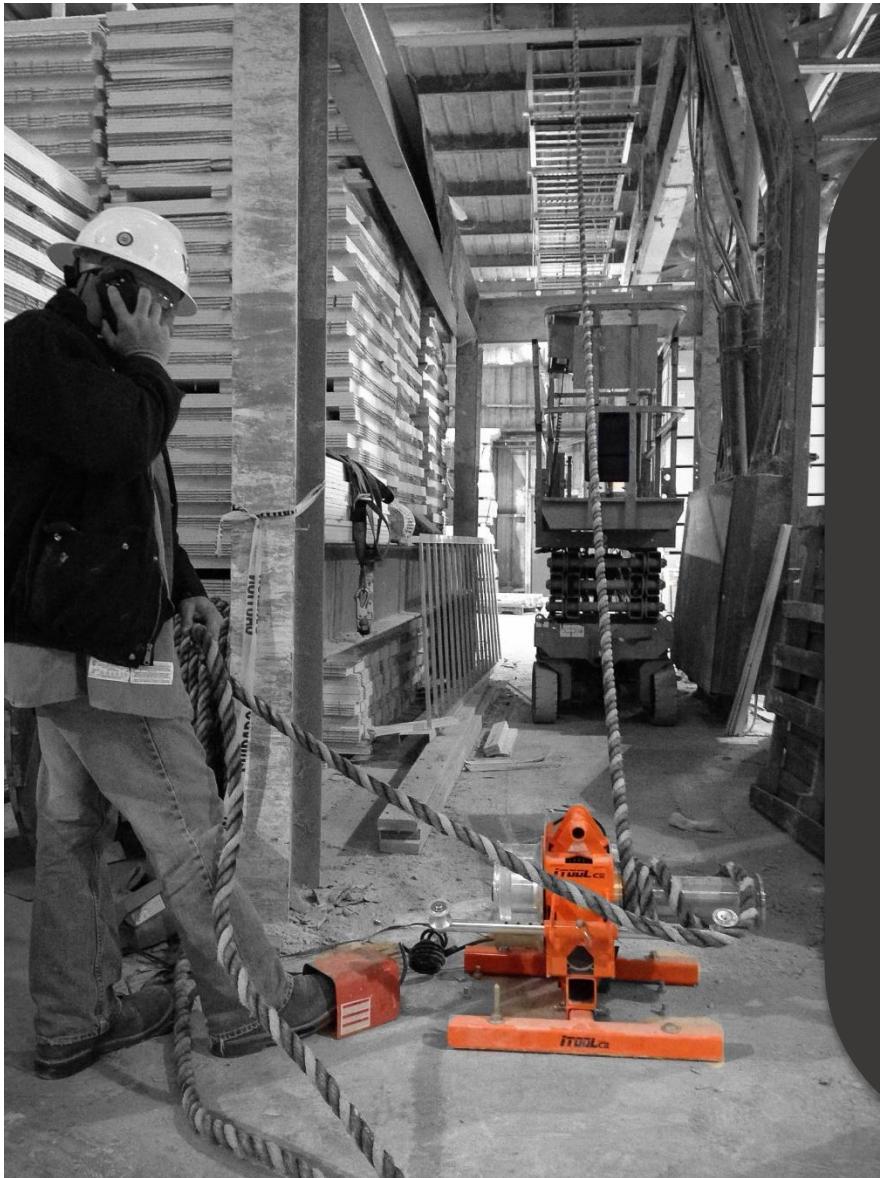

Ergonomically designed to transport easily and keep all components close-at-hand.

Telescoping arm adjusts for maximum wire length.

Open front conduit adapters range in size 2" through 4" and store in visible carriage.
